

Hôtel de Paris, St Tropez

The Hotel de Paris, a luxury hotel located opposite the famous old Gendarmerie St Tropez, has been completely renovated.

The windows are lit with the recessed spotlights 5633-Arches in the window sill.

The French windows are lit with the marker-lights 5620-Brunei embedded in the threshold. The light beam is adjusted a certain way to avoid the occupants of the rooms to be dazzled when they look out of the window.
